Attention Cynthia.

Greetings from sunny downtown Sydney.

I received a letter from the U.S. Patent Office posted dated 04/30/2007, which I finally received by redirected mail three weeks ago.

I tried to ring you at your office several times, and last week I spoke to Paul Bell, who promptly informed me that my application is in danger of lapsing due to a non payment of a further \$us 65.00 .

I have enclosed another credit card payment form to enable a further payment.

However I will endeavour to call you on your phone tonight my time 1.00am which should be 10.00 am Friday your time for a chat, that is if you are available – to further help me unravel this mystery.

Sincerely yours Vince O'Brien
